PROFESSIONAL SUMMARY

Master of Business Analytics graduate with a BSc in Data Science and prior experience as Assistant Product Manager and Business & Data Analyst Intern. Brings Python, SQL, Excel and Power BI capabilities, management reporting and cross-functional product experience. Verified marketing analytics portfolio work includes 22,096 historical public GA4 events reconciled in BigQuery and local GA4/GTM event tracking.

PROFESSIONAL EXPERIENCE

Assistant Manager
Jul 2026 - Present

Nando's | Sydney, NSW

- Analyse sales, labour and wastage trends to recommend operational priorities within service requirements and budget constraints.
- Review rostering and stock control for cost-management opportunities; use cash reconciliation to support daily financial accuracy.
- Lead and coach staff during high-volume trading, adjusting shift priorities to address service requirements and operational risks.

Shift Leader (Part-Time)
Apr 2025 - Jun 2026

Nando's | Sydney, NSW

- Tracked shift sales, flagged discrepancies to management, and supervised scheduling and cash handling to maintain accuracy and accountability.

Assistant Product Manager
Aug 2023 - Jan 2024

Virtual Sense Global Technologies Pvt. Ltd. | Pune, India

- Analysed user engagement and usability data; prepared leadership reports and recommendations to inform product decisions.
- Mapped user workflows and pain points and researched markets and competitors to inform roadmap priorities.
- Worked with engineering, design and marketing to clarify objectives, negotiate trade-offs and align roadmap priorities.

Business & Data Analyst Intern
Jan 2023 - May 2023

Aura Global | Pune, India

- Applied statistical analysis to customer and partner data to support business reporting and quantitative models.
- Prepared weekly management reports, identified data issues and trends, and presented findings to managers.

YASH HURDALE

Data Analyst | Skills, portfolio and education

TECHNICAL AND BUSINESS SKILLS

Analytics & BI Power BI, Microsoft Excel, Tableau, data visualisation, KPI reporting and forecasting

Programming & Data Python, SQL, Pandas, SQLite, data cleaning, reconciliation and automated testing

Marketing Measurement GA4, Google Tag Manager (local test property); BigQuery (public-data sandbox); conversion funnels, customer journeys and experiment planning

AI & Evaluation Evidence-grounded LLM workflow architecture, registered tools, structured-output validation, abstention and adversarial fixture testing

Business & Commercial Performance monitoring, process improvement, stakeholder communication, cross-functional collaboration and team leadership

SELECTED PORTFOLIO PROJECTS

! | AI-Powered Marketing Intelligence Platform

From Signal to Decision | Python, SQL, BigQuery, FastAPI, React, TypeScript

https://github.com/yashayyy27/exclamation-ai

https://yashayyy27.github.io/exclamation-ai/

- Reconciled nine metrics to independent GoogleSQL for 22,096 historical public GA4 events; prioritised tracking and landing-intent checks for 1,975 sessions lacking ordered product views.
- Verified eight GA4/GTM event types and two distinct test purchases using local Preview/DebugView; implemented consent-aware event delivery.
- Built an evidence-grounded AI pipeline with registered read-only tools and structured outputs; passed 72 Python, 50 frontend and 16 browser tests and exported a six-slide draft.

Dashboard and client draft use synthetic data; Google verification covers historical BigQuery data and local test tracking. Public tracking is disabled. Live LLM evaluation has not run.

RESTOPS | Restaurant Operations and Profitability Analytics

Python, SQL, SQLite, Streamlit, Excel

https://github.com/yashayyy27/RESTOPS

- Built Python/SQL profitability analysis for 794,925 synthetic orders across 18 fictional restaurants, reconciling revenue, margin, labour and waste for operational scenarios.
- Achieved 26.1% lower forecast mean absolute error than seasonal naive on a 28-day synthetic holdout; produced a four-sheet Excel management pack for planning and review.

EDUCATION

Master of Business Analytics Jun 2026

Macquarie University | Sydney, NSW

Bachelor of Science in Data Science May 2023

Symbiosis Skills & Professional University | Pune, India
